

# West Midlands Surgical Training Centre

## MISSION STATEMENT

The West Midlands Surgical Training Centre (WMSTC) showcases and reflects the commitment of University Hospitals Coventry & Warwickshire NHS Trust (UHCW) towards furthering medical as well as surgical education and innovative research. With the aim of improving patient outcomes. Our mission is to deliver clinical and surgical training without compromise, make this available to all and be a leader in the field of cadaveric training.

We welcome all health care colleagues, professional societies, Royal Colleges, Training Deaneries and Industry colleagues to partner with us in achieving our mission to be a national and international leader in cadaveric surgical training.

We are an independent nonprofit making center with no commercial commitments and sponsorship. Allowing focus on uncompromised clinical and surgical training. We are committed to environmental preservation by rationalizing and prioritizing usage of relevant consumables and commodities.

WMSTC is licensed by the Human Tissue Act (HTA) and we fully respect the wishes and confidentiality and dignity of our donors

Our commitment to clinical and surgical training is without bias and delivered according to the guidelines and rules of medical compliance. We operate an open and transparent procurement structure.
